

Car Charger 12-24V | 34W | 5V | 2.4A | 2xUSB Smart | 1xUSB QC3.0 | 2x Cigarette Lighter Splitter

Product code: 50640

Modern car cigarette lighter splitter provides comfort of usage thanks to expanded charging functions. It has two Cigarette Lighter Splitters, two USB Smart and one USB QC 3.0.

ABOUT THE PRODUCT

The Qoltec car cigarette lighter splitter is an advanced product made of high-quality materials. It combines modernity, stylish design and functionality. It has two cigarette lighter sockets, two USB Smart and one USB Qualcomm Quick Charge 3.0 which increases the comfort of usage by allowing quick charging several devices such as a tablet, smartphone, navigation and others. At the same time you still have an opportunity to use the cigarette lighter. An additional advantage is an integrated cable that lets passengers sitting in the back seats connect their devices.

The exploitation of car cigarette lighter splitter is safe thanks to advanced security technologies like overvoltage protection, overload protection, short circuit and overheating protection.

MAIN FEATURES

- Low Energy consumption
- High Efficiency
- Ergonomic shape
- Meets the highest standards
- Safe to use
