

Qoltec Magnetic base with cable 2m | N Female | SMA Female

Product code: 57031

The magnetic base with the cable has many applications, and its durable and stable structure allows for easy and simple assembly and disassembly. Designed with N female and SMA female connectors.

Solid and durable construction

We know that the **durability** of the resulting product is **important to you**.

The magnetic base is **resistant to corrosion**, equipped with a **strong magnet**, thanks to which you can safely place it on the roof of the car, regardless of its speed.

A wide range of applications

The presented model will work well in external applications, including:

- on car roofs,
- on the roofs of buildings,
- power poles,
- monitoring trailers,
- remote telemetry units, meters, homes and offices.

It also has its **internal use** - it allows you to install a wifi antenna in the living room, bedroom, hall or any other place.

Trust confirmed by warranty

Do you care about the high quality of the product you buy? **Our solutions will meet your expectations.** The offered magnetic base with the cable is covered by a 24-month warranty valid from the date of purchase.
